## Municipal Center Open for Business During Upcoming Parking Lot Reconstruction

A complete reconstruction of the Bielawski Municipal Center parking lot will begin sometime shortly after the July 4<sup>th</sup> holiday and continue through August. During the estimated 2-month construction period, limited customer parking will be available including handicap spaces for the disabled. During the project, signs directing customers to available parking stalls and pedestrian access into the Municipal Center will be strategically placed so as to alleviate any confusion in doing business with the Village. Should you have any questions regarding the project, phone Bill Cleveland, the Asst. Village Engineer at (630) 871-6220.

Admission is free and popcorn, candy and drinks will be sold at the concession counter. The rain date is Sat., August 4<sup>th</sup> at 8:45 pm.

## Here's The Buzz On West Nile Virus Protection

Most mosquitoes bite at dusk or at night, but some kinds will bite during the day. Almost all mosquitoes will try to bite you if you enter an area where they are resting. To better protect you and your family, observe the following personal protection measures to help protect and minimize your exposure to West Nile Virus.

- Whenever possible, avoid places and times when mosquitoes bite (especially during dusk and dawn).
- Wear shoes, socks, and light-color, long-sleeved shirts and long pants when mosquitoes are most active.
- **Make sure door and window screens fit tightly**, and repair any holes.
- **Use mosquito netting** when sleeping outdoors and around small babies for protection at all times.
- **Use mosquito repellents with about 30% DEET** (about 10% DEET for children age 2-12). Adults should supervise repellent use on children. Do not use any repellents on children under 2 years of age.
- **Report mosquito-breeding sites** to Clarke Mosquito Control at **1-800-942-2555**.
